

WEcreate 2021

It's that time of the year again, the time when WESS students showcase their creative talents in all areas of the Arts.

Though COVID restrictions are in place, this won't stop us sharing our creativity, ingenuity and enthusiasm for the arts.

This year WEcreate will again be shared online (like in 2020).

WEcreate 2021 will be available for viewing **online from October 22 (Friday of week 3) until November 1st (Monday of week 5)**. This way, everyone has ample time to view your student's and their classmates work as well as sampling the talents of student buskers in the comfort of your own home at a time that suits you.

There will also be postcards available for purchase which depict the beautiful tiles which each class has designed and decorated as part of the 2021 Year 6 Leadership Creativity Challenge. (The Creativity Challenge replaces the traditional silent auction this year – there will be **no** silent auction in 2021).

We are all so excited to share our work with you. More information will be coming soon regarding logging on to WEcreate 21.
