2016-2019

- Art resources - enhance and upgrade of peripherals and devices (library cameras, drones, Go-Pro, headphones, i-Pads class set, other devices and technologies)
- Instrumental Music Program – 'Guitars in Music' and 'Creative Music Production' space (hardware and software to support programs e.g. Adobe 'Audition' for Macs)
- Staff PD and Guest Speakers (software, i-Pads, Dance and Drama training)
- Display Spaces (utilise existing walls, corridors and stairwells to hang clip display folders of student artwork exemplars)
- Continue to support and enhance existing community partnerships BUT create new partnerships with community business to support our '**Creativity: Multimedia and The Arts Program**'
- Future Technologies – Continue to investigate new and emerging technologies to support our school based programs in **Creativity: Multimedia and The Arts** (Edutech, Apple Conferences etc. for staff)
